

How to use SAPI appeal endpoints

- How to raise an appeal
 - Step 1: Call POST /sapi/v1/c2c/complaint/get-complaint-reasons, find available appeal reasons can be used for your order
 - Step 2: Call GET /sapi/v1/c2c/file-upload/get-s3-presigned-url, to get "uploadUrl"
 - Step 3: Raise an appeal, call POST /sapi/v1/c2c/complaint/submit-complaint
- How to query an appeal
 - Step 1: Query appeal list using POST /sapi/v1/c2c/complaint/query-complaints
 - Step 2: Query appeal detail using POST /sapi/v1/c2c/complaint/get-complaint-flows
- How to respond to an appeal
 - Step 1: Check current appeal status and your role in the appeal
 - Step 2: Use the following API accordingly
- Into Type in /sapi/v1/c2c/complaint/get-complaint-flows

How to raise an appeal

Step 1: Call POST /sapi/v1/c2c/complaint/get-complaint-reasons, find available appeal reasons can be used for your order

Payload:

```
{
  "orderNo": "22771517xxxxxx498176" // Your order number
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": [
    {
      "reasonCode": 4,
      "reasonDesc": "I did not receive payment from the buyer."
    },
    {
      "reasonCode": 5,
      "reasonDesc": "I received payment from the buyer but the amount is incorrect."
    }
  ],
  "success": true
}
```

Step 2: Call GET /sapi/v1/c2c/file-upload/get-s3-presigned-url, to get "uploadUrl"

Payload:

```
{
  "fileName": "test.png",
  "scenario": "complaint" // Write as "complaint"
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": {
    "uploadUrl": "https://xxxxx",
    "filePath": "xxxx.jpg"
  },
  "success": true
}
```

Then use the following sample code to upload picture to "uploadUrl" (Python example)

```
import requests

def upload_file_using_presigned_url(uploadUrl, file_path):
    with open(file_path, 'rb') as file:
        response = requests.put(uploadUrl, data=file)
        if response.status_code == 200:
            print("File uploaded successfully.")
        else:
            print("Failed to upload file.")

if __name__ == "__main__":
    file_to_upload = 'test.jpg'
    uploadUrl = 'https://xxxxx.s3.ap-northeast-1.amazonaws.com/0426120643.jpg?X-Amz-Security-Token=IQoJb3JpZ2luX2VjEHMaDmFwLW5vcnRoZWZdC0xIkcwRQIgN%2FZs2wSCQev34zxU4rV2v2TwEwsrR%2FFNY%2BhWIMzS10ACIQCGeyxPxhfyDAkshLLZaHqQU97mLTs5AMV565oejZwy2Faws4_request&X-Amz-Signature=a782bce98881900ab144c11fe4c00f786cfe0bbbf27e3754e049c1889e820a5'
    upload_file_using_presigned_url(uploadUrl, file_to_upload)
```

Step 3: Raise an appeal, call POST /sapi/v1/c2c/complaint/submit-complaint

Payload:

```
{
  "description": "string", // Write your own description when raising appeal
  "fileUrls": [
    "/xxx/d36be2e05217447faa1c9f32ab572a73_20250506154622.pdf"
  ], // 5 files max, use "filePath" in step 2 GET /sapi/v1/c2c/file-upload/get-s3-presigned-url

  "orderNo": "227715177xxxxx98176", // The order number you want to raise appeal
  "reason": "I did not receive payment from the buyer.", // Use "reasonDesc" from /sapi/v1/c2c/complaint/get-complaint-reasons
  "reasonCode": 4 // Use "reasonCode" from /sapi/v1/c2c/complaint/get-complaint-reasons
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": {
    "complaintNo": 30xxxx88 // Unique complaint number, one order may have multiple complaint number
  },
  "success": true
}
```

How to query an appeal

Step 1: Query appeal list using POST /sapi/v1/c2c/complaint/query-complaints

Payload:

```
{
  "complaintStatusList": [], // Optional, support list of enums, 0: Pending respondent reply, 1: Pending initiator reply, 2: CS processing, 3: Appeal completed, 4: Appeal cancelled
  "orderNoList": [], // Optional, support list of order numbers
  "orderStatusListWhenInitiate": [], // Optional, support list of enums, 2: Buyer paid order, 4: Order completed, 6: Order cancelled by buyer, 7: Order auto cancelled by system
  "roleIdentity": "COMPLAINANT", // Optional, "COMPLAINANT" or "RESPONDENT"
  "startTime": "2025-05-05T00:00:00.000Z", // Optional, can also use unix timestamp

  "endTime": "2025-05-05T00:00:00.000Z", // Optional, can also use unix timestamp
  "page": 1,
  "rows": 20
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": [
    {
      "orderNo": "22770751xxxxx489856",
      "complaintNo": 30xxx58,
      "complaintStatus": 4,
      "orderStatusWhenInitiate": 2,
      "reason": "I received payment from the buyer but the amount is incorrect.",
      "complaintCreateTime": 1750756299000,
      "roleIdentity": "COMPLAINANT",
      "orderFiat": "CNY",
      "orderAsset": "BNB",
      "orderAmount": "0.13612201", // Crypto amount
      "orderAmountInUsdt": "86.96236235", // Crypto amount in USDT
      "disputeAmount": "600" // Fiat amount
    }
  ],
  "total": 17,
  "success": true
}
```

Step 2: Query appeal detail using POST /sapi/v1/c2c/complaint/get-complaint-flows

Payload:

```
{
  "complaintNo": 30006788,
  "orderNo": "22771517xxxxx498176"
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": [
    {
      "complaintNo": 30006788,
      "orderNo": "22771517xxxxx0498176",
      "infoType": 2,
      "description": "string", // Description in each appeal record
      "fileUrls": [
        "https://xxx0506154622.pdf"
      ],
      "creatorNickName": "abc",
      "createTime": 1751008882000,
      "source": "SELF"
    }
  ],
  "success": true
}
```

How to respond to an appeal

Step 1: Check current appeal status and your role in the appeal

Appeal status: 0 - Pending respondent reply

If you are appeal initiator, you can operate the following 2 actions

POST /sapi/v1/c2c/complaint/submit-evidence

POST /sapi/v1/c2c/complaint/cancel-complaint

If you are appeal respondent, you can operate the following 3 actions

POST /sapi/v1/c2c/complaint/agree-complaint

POST /sapi/v1/c2c/complaint/disagree-complaint

POST /sapi/v1/c2c/complaint/submit-evidence

Appeal status: 1 - Pending initiator reply

If you are appeal initiator, you can operate the following 3 actions

POST /sapi/v1/c2c/complaint/disagree-complaint

POST /sapi/v1/c2c/complaint/cancel-complaint

POST /sapi/v1/c2c/complaint/submit-evidence

If you are appeal respondent, you can operate the following 1 action

POST /sapi/v1/c2c/complaint/submit-evidence

Appeal status: 2 - CS processing

If you are appeal initiator, you can operate the following 2 actions

POST /sapi/v1/c2c/complaint/cancel-complaint

POST /sapi/v1/c2c/complaint/submit-evidence

If you are appeal respondent, you can operate the following 1 action

POST /sapi/v1/c2c/complaint/submit-evidence

Step 2: Use the following API accordingly

POST /sapi/v1/c2c/complaint/agree-complaint

Payload:

```
{
  "description": "string", // You description when agreeing to negotiate with counterparty
  "orderNo": "22771517xxxxxx498176"
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": true,
  "success": true
}
```

POST /sapi/v1/c2c/complaint/cancel-complaint

Payload:

```
{
  "orderNo": "22771517xxxxxx498176"
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": true,
  "success": true
}
```

POST /sapi/v1/c2c/complaint/disagree-complaint

Payload:

```
{
  "orderNo": "2277151xxxxx0498176"
}
```

Response:

```
{
  "code": "000000",
  "message": "success",
  "data": true,
  "success": true
}
```

POST /sapi/v1/c2c/complaint/submit-evidence

Payload:

```
{
  "description": "string", // You description when submitting evidence
  "fileUrls": [
    "/xxx506154622.pdf"
  ], // 5 files max, use "filePath" in GET /sapi/v1/c2c/file-upload/get-s3-presigned-url
  "orderNo": "22771517xxxxx498176"
}
```

Response :

```
{
  "code": "000000",
  "message": "success",
  "data": true,
  "success": true
}
```

Into Type in /sapi/v1/c2c/complaint/get-complaint-flows

enum	Description
1	Complainant submits appeal
2	Complainant submits evidence
3	Complainant rejects negotiation
4	Complainant timeout
5	Complainant cancels appeal
